Notice of the Announcement

Green Growth & Sustainable Development with EcoMESH

To our dearest partners and customers,

To ensure the natural assets and aim for sustainable development without degrading the environment, our company has successfully engaged as the sole installation contractor of EcoMESH, an innovative energy-saving solution on MVAC systems, which surely fits to Mini Split, Rooftop, Air Cooled Chillers, Condensers, Air Inlet Cooling and Dry Coolers .

Whilst reducing energy consumption by up to 44%, EcoMESH has been fitted to troublesome units worldwide where its patented water spray technology eliminates problems and once fitted is virtually maintenance free.

To explore more of **EcoMESH**, kindly visit: <http://www.ecomesh.com/>

For enquiry, please contact our company on (852)2435-6504 or email to adm@ever-trade.com.hk.

Best Regards,
Ever Trade Engineering Limited
